SuperReel™ 50m & 100m/150m

Auto-Rewind 12v Reel - New Enhanced Design

- ◆ Powerful Belt-Driven 12v Motor
- ◆ Geared Reduction for Maximum Torque and Power Efficiency
- ◆ Easy Bolt-Down Points with Tough Powder-Coated Finish

TANKS

LIQUID TRANSPORT

WHAT MAKES TTI'S TANKS UNIQUE?

Over 20 years specialising in the manufacture of quality water cartage tanks

TTI has over 20 years specialising in the manufacture of quality water cartage tanks. We do not dilute our focus by producing storage tanks and other roto-moulded products.

Did you know the DNA of every TTI tank is recorded? This combined with rigorous quality checks including ultrasound thickness testing and laboratory impact testing ensures that our clients are getting the very best available tanks on the Australian market, giving you peace of mind. Our unmatched tooling engineering is reflected in every moulded TTI Tank.

WATER CARTAGE TANKS

Tank Sizes:
20 Litres to 17,000 Litres

KEY FEATURES

Extra thick tank wall structure with a load capacity of up to an enormous 1.3 Specific Gravity on all AquaTrans™

Exclusive, specially developed and formulated polyethylene powder incorporating the latest technology

Easy-to-read calibration on side wall of tank for quick measurement of contents (when sight level tube is fitted)

Specifically designed footings to enable easy mounting to any tray surface - mounting pins included.

Factory-fitted outlet with every tank

UV stabilised to withstand the elements; All tanks are cooked to temperature, not time

What's the Difference?

AquaTrans™ AquaMove™

Water Cartage Tanks

AquaTrans™

There is nothing much in the way of a rotationally moulded polyethylene water cartage tank that compares with the TTI AquaTrans™ tank range.

A really heavy-duty tank with a 20-year warranty is just part of the deal. The AquaTrans™ is a premium product and is in a league of its own. This is the bees' knees!

AquaMove™

Without any compromise, the AquaMove™ range has been introduced to be a player in the price sensitive end of the market.

With a slightly lighter design than the AquaTrans™ and a 15-year warranty, this is the everyday range.

Heavy Duty Modular Water Cartage Tanks

Heavy-Duty

Modular Water Cartage Tanks

✓ **Expandable** Capacity

✓ Modules can be plumbed to **drain independently** or **together!**

✓ **Low-Profile** Design

✓ Improved **Safety**

✓ 3,000L **Modules**

Free-standing design allows for mounting to flat deck truck/trailer. Unique 2 x 6" connections between modules for even filling/draining.

Fully baffled every 3,000 Litres to minimise surge (optional LiquidLocker™ baffles). Low profile design for improved safety.

InterLoc™

Fully-Drainable Chemical Tanks

Fully-Drainable

Modular Tank System

- ✓ Needing to **cart different chemicals** in one load?
- ✓ Standard with **Steel-Mounted Frame**
- ✓ Modules can be plumbed to **drain independently** or **together!**
- ✓ Fully **Baffled** (Every 2500 litres)

Needing to cart different chemicals in one load?
Modules can be plumbed to drain independently
or together!

Fully baffled every 2,500 Litres to minimise surge (optional LiquidLocker™ baffles). Low profile design for improved safety.

SumpTrans™

Fully-Drainable Chemical Tanks

TTi's SumpTrans™ Tank use specially blended polyethylene to handle the broadest range of liquids possible from plain water to the harshest chemicals – ask for a copy of our compatibility chart!

TTi's SumpTrans™ tanks have excellent impact resistant qualities and impervious to some of the most aggressive chemicals. SumpTrans™ incorporate the latest technology to easily handle any work environment.

KEY FEATURES

Manufactured from chemical resistant, UV stabilised polyethylene

Large tank opening for fast, easy filling. Sealed with 455mm lid with labyrinth breather (600L+)

Easy fill, no spill containment lip on all spray tanks above 500L

Easy to read calibrations for measurement of contents (when sight level tube fitted on tank)

Fully draining sump with smooth interior and enables complete drainage and decontamination of tank

Available with robust hot-dip galvanised steel mounting frame for correct tank support and ease of mounting

Basket filter supplied with tanks 200 Litres and larger

SureFit™ safe and secure mounting pin system

Professional 12v Spot Sprayers
with 30m Reel

The ReelStrike™, a TTi icon sprayer that has proved itself over many years as the most versatile and reliable professional 12v sprayer in our TTi range.

The 30m reel allows you to access those “hard to get to” areas, while the 100psi pump gives you that extra pressure when you need to hit your spray target from a distance.

KEY FEATURES

8.3L/min 100psi Remco 12v pump mounted under pump cover for protection

Fully-drainable tank with a sturdy hot dip galvanised base frame

30m heavy duty poly hose reel with PowerJet spray gun

Pressure regulator and gauge for accurate & controlled spraying

Honda applied its superior engine technology to create the world's first 360° inclinable 4-Stroke engines. The ultra-lightweight GX35 Mini 4-Stroke efficiently delivers the kind of efficient cleaner, powerful, quiet performance that you'd expect from a larger engine – but in a very compact package.

Need it coupled to a
Honda GX200?

XR

Air Induction

Flat Spray Tips

110° wide, tapered flat spray angle with air induction technology offers better drift management

Made of a two piece UHMWPE polymer construction with VisiFlo® colour-coding. UHMWPE provides excellent chemical resistance, including acids, exceptional wear life

Depending on the chemical, produces large air-filled drops through a Venturi air aspirator

Available in seven tip capacities with a wide operating pressure range: 15–90 PSI (1–6 bar)

VISIFLO

Air Induction

Angle Flat Spray Tips

Tapered edge wide angle flat spray pattern for uniform coverage in broadcast spraying. Large, **rounded internal passage** to minimize clogging.

Excellent **resistance to corrosive solutions**

Superior wear characteristics

Larger droplets for less drift; **15–90 PSI** (1–6 bar)

Applications

Herbicides, fungicides and insecticides

TURBO

2, 4 - D Compliant

Twin Flat Spray Tips

110° wide angle, air induction, **tapered flat spray tip pattern** based on the **patented outlet orifice design** of the original Turbo TeeJet® nozzle.

Patented orifice design provides large, round passages to minimize plugging.

Depending on the chemical, produces large air-filled drops through a **Venturi air aspirator** resulting in less drift.

Applications

Herbicides, fungicides and insecticides

DIESEL

REFUELING EQUIPMENT

DieselSergeant™

Low-Profile Diesel Refueling Units

The Reason to Say GoodBye to Jerry Cans!

The low-profile, compact DieselSergeant™ is a simple yet effective diesel refueling tank. The pump is mounted on a sturdy 'squat' tank, with a large lid for easy access to the tank.

Pin-mounting provisions make it easy to secure to tank for safe transportation.

KEY FEATURES

Reliable 40 L/min Transfer40™ Pump with integrated Bypass

Auto Shut-off Nozzle Prevents Overfilling and Fuel Wastage

4 Metres of Delivery Hose

Lockable Filler Cap for Security

Fits Where Others Don't!

Low Profile, Space Saver Design

“

I can say that their 1000L slip on units are fantastic, and that the two we bought this year were instrumental in saving our farms and a neighbour's house in the Yeppoon / Cobraball bushfires. When I ordered our second unit I considered it as cheap insurance!

AQUAPATH TESTIMONIALS

“ Highly recommend one of these TTi AquaPath™ units to anyone in the civil industry.”

Peter Atkinson

Bulldog Earthmoving
Civil Contractor

“ Very easy to take off the truck for something else if we're not using the tank. We've got six AquaPath™ units across the company. They're very versatile, easy to fill-up and make it a lot easier on site.

Michael Hanly

ACE Contractors Group Civil and Landscaping

“ Highly recommend TTi, I couldn't recommend them any more, they always have the after sales service, and will hand deliver the unit! You can't ask for any better service!

Neil and Gareth

Regal Innovations Civil and Landscaping

CIVIL EQUIPMENT

THE NEW ERA IN WATER TRUCKS

We design, develop and manufacture poly tank water truck solutions here in Australia.

From complete units, fully-featured with top of the line equipment, to simple slip-on tanks. We equip Australia's civil contractors with the tools to get the job done.

WATER TRUCKS

Why TTI Water Trucks?

Designed, developed and manufactured in Australia, TTI's poly tank water trucks are the best kept secret in the civil water truck space (but not for long).

- ✓ **Quality you can depend on**
- ✓ **Chosen by serious players**
- ✓ **Fast service & support**
- ✓ **Options to suit you**
- ✓ **End-to-end manufacturing**
- ✓ **Safety by design**

As **Bild-Group, Coates Hire, Boral Quarries, Programmed** and other major players make the switch to TTI, the new era in water trucks is here.

Cascade™

4x2 Water Truck

8,000 Litres

The ultimate compact water truck.

Popular with landscapers due to saving watering time by being more accurate, and easy to operate. Perfect for smaller civil projects, where large water trucks are not required.

STANDARD INCLUSIONS:

- ✓ Poly Water Cartage Tank with **LiquidLocker™ Baffles**
- ✓ **2x LED** Rear Facing **Work Lights** & Flashing **LED Beacon**
- ✓ Purpose Built, Hot Dip Gal **Chassis-Mount Frame**
- ✓ User-friendly, **Hot-dipped Galvanised Pipework**
- ✓ **3" Diesel or Hydraulic** Powered Centrifugal Pump
- ✓ Ergonomic Hydrant **Pipe Holder Fitted**
- ✓ **3" Hydrant Fill System**, Over-head Funnel, Pump Suction Fill
- ✓ Under Body **Hose Storage** for Easy Access
- ✓ Rear **Spray Heads**
- ✓ **20m Spring Rewind Hose Reel**

OPTIONAL EXTRAS:

3" Electric Water Cannon with In-Cab Joy Stick Control

Signage Storage Provision, Traffic Cone Holder & Tool Box

Left and Right Front Spray Frog Nozzles

Gravity or Pressurised Dribble Bar

CASCADE™

4x2 Water Truck

Storm™

6x4 Water Truck

13,000 & 15,000 Litres

Designed to withstand the harshest of conditions, the 13,000 litre Storm™ water truck will deliver greater efficiencies when applying water on site.

Perfect for civil & earthmoving contractors, councils, hire companies and more.

STANDARD INCLUSIONS:

- ✓ Poly Water Cartage Tank with **LiquidLocker™ Baffles**
- ✓ 20m Spring Rewind **Hose Reel**
- ✓ Purpose Built, Hot Dip Gal **Chassis-Mount Frame**
- ✓ 2x **LED** Rear Facing **Work Lights** & Flashing **LED Beacon**
- ✓ 3" **Hydraulically Driven Pump** with variable speed dial
- ✓ User-friendly, **Hot-dipped Galvanised Pipework**
- ✓ 3" **Hydrant Fill System**, Over-head Funnel, Pump Suction Fill
- ✓ Under Body **Hose Storage** for Easy Access
- ✓ 3 **Rear Spray Heads (Centre, Left, Right)**
- ✓ **Gravity** and Pressurised **Dribble Bar**

OPTIONAL EXTRAS:

3" Electric Water Cannon with In-Cab Joy Stick Control

Batter Spray Heads mounted between the tank and the cab

Left and Right Front Spray Frog Nozzles

Gravity Drop Bar - Apply an Even Fan of Water Under Gravity

STORM™

6x4 Water Truck

Available as a Remote Build AquaModule™

FloodRite™

Slip-On Water Cart

FloodRite™ slip on water carts are proven as the contractors, councils and hire companies #1 choice of water cart.

It is truly the professional's choice for the application of water as part of road construction, dust suppression & any other application for getting water where you need it!

The FloodRite™ slip on water cart can be mounted in the back of tipper trucks using our loading leg system, or forklifted onto a tray truck or trailer.
